Schedule to Resolution No. 4/02/2023 of the Extraordinary General Meeting of PCF Group S.A. of February 28th, 2023

OPINION OF THE MANAGEMENT BOARD OF PCF GROUP S.A.

of 31 January 2023

regarding: the substantiation of the full exclusion of current shareholders' preemptive rights to all series F shares in connection with the planned share capital increase by way of issuance of series F shares, and the manner of determining the issue price or the issue prices of series F shares

Pursuant to Article 433 § 2 of the Commercial Companies Code (the "**Commercial Companies Code**"), the Management Board of PCF Group S.A. with its registered office in Warsaw (the "**Company**") prepared this opinion on 31 January 2023 in connection with the intended adoption by the Extraordinary General Meeting, convened for 28 February 2023, of Resolution No. 4/02/2023 regarding an increase of the Company's share capital through the issue of ordinary series F shares (the "**New Shares**"), the exclusion of all the preemptive rights of its current shareholders in relation to all the New Shares, the seeking of the admission and introduction of the New Shares and the rights to New Shares to trading on a regulated market operated by the Warsaw Stock Exchange, the dematerialization of New Shares and the rights to New Shares and the authorization to execute an agreement on the registration of the New Shares and the rights to New Shares in the depository of securities, and on amendments to the Articles of Association of the Company (the "**Issue Resolution**").

Exclusion of all preemptive rights to the New Shares

In the opinion of the Company's Management Board, due to the reasons described below, excluding the current shareholders' preemptive rights entirely with respect to the New Shares is aligned with the Company's interests and contributes to pursuing the Company's strategic goals.

On 31 January 2023 the Management Board adopted an update to the development strategy of the Company and the People Can Fly Group (the "**Strategy**"). The key assumptions of the updated Strategy include: (i) strengthening the self-publishing business unit; (ii) developing games in self-publishing portfolio using the Game-as-a-Service (*GaaS*) model (or the *GaaS-ready* model); (iii) implementation of a variety of monetization models of the games published by the group; (iv) increasing the size of production teams and developing talent; and (v) investing in new segments of the entertainment industry.

Implementation of the Company's strategic goals listed above requires adequate financing. The current macroeconomic situation and the high level of interest rates significantly affect the availability and terms of raising debt financing. Therefore, raising equity capital in the capital market is a favorable alternative to debt financing. The funds from the Company's new share issue will be used to finance the implementation of the updated Strategy and will be an important supplement to the funds generated from the Group's current operations.

In the opinion of the Management Board, in light of the above-described capital needs related to the implementation of the updated Strategy, the increase of the Company's share capital through the issuance of New Shares with full exclusion of pre-emptive

rights of all existing shareholders of the Company and the offering of New Shares under the terms of the Issue Resolution will be an important element of financing the implementation of the Company's updated Strategy.

The new draft Issue Resolution provides for the issue of up to 5,853,941 (five million eight hundred fifty-three thousand nine hundred forty-one) New Shares. Increasing the Company's share capital through the issuance of New Shares with full exclusion of subscription rights of all existing shareholders of the Company may provide the Company with an opportunity to raise the required additional financing in the amount expected by the Company of approximately PLN 205 million to PLN 295 million as soon as possible (subject to the market situation and restrictions under applicable laws). The final amount of net proceeds from the issuance of the New Shares will depend on the final number of New Shares, the final issue price or issue prices of the New Shares and the total amount of issuance costs incurred by the Company.

The Management Board intends to use all of the proceeds from the issuance of New Shares for increasing the size of the production teams to appropriate production levels for *Projects Dagger, Bifrost* and *Victoria*. The proceeds from the issuance of the shares together with (i) the Company's own cash, (ii) funds from operations generated by the Company, and (iii) other available sources of financing that do not result in dilution of shareholder interests, will allow the Group to fully implement its strategy.

Pursuant to draft Issue Resolution, the Management Board is required to offer New Shares only to the investors that have received an invitation from the investment firm conducting the process intended to solicit prospective subscribers for New Shares (including in particular the book building process for the New Shares) to participate in the offering and meet the following conditions: (i) they are qualified investors within the meaning of Article 1(4)(a) of the Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market and repealing Directive 2003/71/EC ("**Prospectus Regulation**"); or (ii) they take up securities for a total consideration of at least EUR 100,000 per investor as referred to in Article 1.4(d) of the Prospectus Regulation, including the investors who: (a) are shareholders of the Company as of the end of the day of adoption of this Resolution (the "**Preference Date**") holding shares in the Company giving the right to no less than 0.25% (zero point twenty-five percent) of the total number of votes at the General Meeting of the Company; and (b) will confirm the fact that as of the end of day on the Preference Date they hold shares in the Company giving the right to no less than 0.25% (zero point twenty-five percent) of the total number of votes at the General Meeting of the Company during the process intended to solicit prospective subscribers for New Shares (including in particular the book building process for the New Shares), by submitting a certificate or certificates confirming their ownership of the shares in the Company and their number, issued by the investment company maintaining the securities account of the relevant party ("**Eligible Investors**").

Subject to the exemptions indicated in the Issue Resolution, each Eligible Investor who in the process intended to solicit prospective subscribers for New Shares (including in particular the book building process for the New Shares) submits a declaration or declarations to subscribe for New Shares at a price not lower than the issue price of New Shares specified by the Management Board pursuant to the Issue Resolution, is entitled to take up, on a priority basis, a number of New Shares not less than the number of New Shares which, after the New Shares have been issued, will enable such Eligible

Investor to maintain a share in the total number of votes at the General Meeting of the Company not less than the share in the total number of votes at the General Meeting of the Company held by such Eligible Investor at the end of day on the Preference Date, provided that if the number of New Shares so determined is not a whole integer, it will be rounded down to the nearest integer (the “**Preference Right**”). The Management Board will be entitled to offer New Shares which have not been allocated to the Eligible Investors in accordance with the above rules to other entities entitled to participate in the offering of New Shares on the terms and conditions set out in the Issue Resolution as to maximize the value of the proceeds from the issuance of the New Shares.

The public offering of New Shares will not be conducted in any territory other than Poland. New Shares may only be offered and sold outside the territory of the United States of America in offshore transactions as defined in and pursuant to the provisions of Regulation S under the US Securities Act of 1933, as amended and/or under other exemption(s) from registration requirements in the United States of America or other relevant jurisdiction(s).

The proposed issue of the New Shares with the preemptive rights excluded on the terms and conditions set out in the draft Issue Resolution is a faster and more efficient way to obtain additional capital than an alternative capital increase process with exercisable preemptive rights, particularly in light of current stock market sentiment, while associated with this form would be the need to prepare and approve a mandatory prospectus, which according to market practice could take up to 4-6 months, in the absence of obvious advantages of implementing such a scenario.

Considering the above, the Management Board concludes that the issue of the New Shares excluding the preemptive rights of all existing shareholders of the Company is in the best interest of the Company. Therefore, the Management Board gives its favorable opinion on the issuance of the New Shares with exclusion of preemptive rights of the existing shareholders of the Company.

Manner of determining the issue price or the issue prices of the New Shares

Pursuant to the Issue Resolution, the issue price or the issue prices of the New Shares may be differentiated with respect to individual entities that take up the New Shares, in order to maximize the value of the proceeds from their issuance and will be determined through the Company's demand analysis for the New Shares based on a process intended to solicit prospective subscribers for the New Shares (including in particular the book building process for the New Shares) as to maximize the value of the proceeds from the issuance of the New Shares. In the book-building process, investors will submit demand declarations based on two parameters: the number of shares demanded and the share price. Based on the compilation of such declarations, the Company will obtain information on the market valuation of New Shares, which will allow the Management Board to set the issue price or the issue prices of New Shares. If the Management Board becomes convinced that the book building process will not provide the Company with the optimal level of proceeds from the issuance of the New Shares, the Management Board will be entitled to solicit prospective subscribers for the New Shares through another process (including a hybrid process combining elements of the book building process and other processes) in order for the Management Board to set the issue price or issue prices of the New Shares at a level that will ensure that the Company maximizes the value of the proceeds from the issuance of the New Shares.

Given the volatility in the capital markets and the period of time that elapses between the date on which the Extraordinary General Meeting adopts the Issue Resolution and the date on which the issue price or the issue prices of the New Shares are determined, granting the Company's Management Board authorization in this regard is justified and in the Company's interest. The method of determining the issue price or the issue prices of the New Shares described above allows the price(s) to be determined taking into account the volume and quality of demand for the Company's offered shares, which will be analyzed after the completion of the process intended to solicit prospective subscribers for the New Shares (including in particular the book building process for the New Shares) as to maximize the value of the proceeds from the issuance of the New Shares.

Conclusions

In view of the premises set out above, the Management Board of the Company recommends that the Extraordinary General Meeting adopts the Issue Resolution.

Grounds for the resolution: The resolution provides for an increase of the Company's share capital by no more than PLN 116,805.86 by way of issuance of no more than 5,840,293 ordinary bearer Series F Shares with the nominal value of PLN 0.02 each, with the pre-emptive rights of all the Company's existing shareholders waived in full. The share capital increase is related to the Company's intention to obtain funds on the capital market which will be allocated in full towards increasing the size of our production teams to appropriate production levels for *Projects Dagger, Bifrost* and *Victoria*. The funds obtained from the new issue of shares together with (i) the Company's own cash, (ii) operating funds generated by the Company and (iii) other available sources of financing, which will not dilute shareholder ownership, will allow to implement the new group strategy, as adopted by Resolution No. 2/2023 of the Management Board of the Company dated January 31, 2023 on the adoption of the update of the development strategy of the Company and its capital group.

Public Supervision, at least two Supervisory Board members should be independent members meeting the criteria of independence defined in Article 129 Section 3 of said Act (“Independent Supervisory Board Members”). Failure to meet the requirement set out in the first sentence (e.g., in the form of failure to appoint Supervisory Board members meeting the independence criteria, the loss of the status of an independent Supervisory Board member during their tenure or the expiry of the tenure of such Supervisory Board member) will not cause the Supervisory Board to lose the status of the Company’s corporate body or constitute an obstacle to valid resolutions being passed by it.”

7. § 20 Section 1 of the Articles of Association (pursuant to § 1 Section 4 of this resolution designated as § 18 Section 1) to read as follows:

„1. As long as the Company is a public interest entity within the meaning of the provisions of the Act of 11 May 2017 on Statutory Auditors, Audit Firms and Public Supervision, the Supervisory Board will appoint the audit committee. The audit committee will be made up of at least three members, including at least one member appointed by the Group of the Eligible Shareholders. A majority of the audit committee members should meet the independence criteria referred to in § 17 Section 1 of these Articles of Association. As regards the requirements concerning the composition of the audit committee, the provisions of the Act referred to in § 17 Section 1 of these Articles of Association will apply.”.

§ 2

Grounds for the resolution: Amendment to the Company’s Articles of Association are of ordering nature. Pursuant to Article 430.1 of the Commercial Companies Code, an amendment to the articles of association requires a resolution of the general meeting and an entry in the register.

The Company's intention is not to further dilute the shareholders in the future on the basis of the Management Board's authorization to increase the Company's share capital within the limits of the authorized capital, subject to a transaction related to increasing the Company's stake in share capital of Incuvo S.A., which was disclosed to the public by the Company in current report No. 2/2023 dated January 27, 2023. Consequently, the purpose of this resolution is to revoke provisions of the Company's Articles of Association relating to the authorized capital.

These rights are vested jointly in the shareholders constituting the Group of the Eligible Shareholders and may only be exercised by all of them jointly, without prejudice to Section 3. The personal rights remain in force as long as the Group of the Eligible Shareholders holds no less than 40% (forty percent) of the total number of votes in the Company. If their share of the total number of votes falls below that threshold, the Group of the Eligible Shareholders will not be able to exercise the personal rights; if the percentage of their voting rights again reaches 40% or more, the Group of the Eligible Shareholders' ability to exercise the personal rights will be restored.

3. Any member of the Group of the Eligible Shareholders will forfeit his personal rights if he ceases to be a shareholder of the Company; the personal right cannot be restored by way of re-acquiring Company's shares. However, if one or more member(s) of the Group of the Eligible Shareholders forfeits their personal rights, the personal rights vested in the other member(s) of the Group of the Eligible Shareholders remain in force as before, as long as the members of the Group of the Eligible Shareholders hold jointly or individually such number of voting shares in the Company as will vest the percentage of votes referred to in the third sentence of Section 2.
4. If the General Meeting decides that the Supervisory Board will consist of five members, the Group of the Eligible Shareholders will enjoy a personal right to appoint and revoke three members of the Supervisory Board and appoint the Chairman of the Supervisory Board from among their number.
5. 6. The remaining Supervisory Board members will be appointed and revoked by the General Meeting.
7. The personal rights to appoint and revoke the Supervisory Board members referred to in Sections 4 and 5 above will be exercised by way of delivering to the Company an unanimous written representation(s) of all the members of the Group of the Eligible Shareholders. In the event of members of the Group of the Eligible Shareholders being unable to submit an agreed joint representation, the personal right will not be exercised. Each member of the Group of the Eligible Shareholders will attach to the representation a certificate of deposit confirming the number of shares held by that shareholder on the date of the exercise of the personal right.
8. Subject to Section 9, if the Group of the Eligible Shareholders does not exercise the personal right within one month of becoming authorized to do so or if the tenure of a Supervisory Board member appointed by the Group of the Eligible Shareholders expires, the Management Board will, within three days, convene the General Meeting for a date falling no later than sixty days from the expiry date of the Supervisory Board member's term of office in order to appoint a Supervisory Board member. The Supervisory Board member appointed by the General Meeting according to the rules stipulated in the preceding sentence may be at any time revoked by the Group of the Eligible Shareholders and the Group of the Eligible Shareholders may appoint another person instead.
9. In the event of the need to appoint Supervisory Board members in connection with the expiry of the tenures of Supervisory Board members appointed by the Group of the Eligible Shareholders as a result of the approval of the financial statements for the last full financial year of the incumbency of the Supervisory Board members, the representation referred to in Section 7 above must be delivered to the Company no later than seven days ahead of the date of the Annual General Meeting, at which it is planned to approve the financial statements for the last full financial year of the incumbency of Supervisory Board

members. This representation will take effect upon the expiry of the tenures of the current Supervisory Board members. The representation may alternatively indicate the names of the three or four Supervisory Board members being appointed, depending on the number of all Supervisory Board members determined by the Annual General Meeting during which the tenures of the current Supervisory Board members expired.

10. If the Group of the Eligible Shareholders does not exercise the right referred to in Section 9, the Supervisory Board members will be appointed by the Annual General Meeting. The provisions of the second sentence of Section 8 apply *mutatis mutandis*.
11. In the event of the expiry of the personal rights referred to in Sections 4 and 5, the right to appoint and revoke a Supervisory Board member will be vested in the General Meeting. The General Meeting may also revoke a Supervisory Board member appointed as a result of the exercise of a personal right that has expired.

§ 17.

1. As long as the Company is a public interest entity within the meaning of the provisions of the Act of 11 May 2017 on Statutory Auditors, Audit Firms and Public Supervision, at least two Supervisory Board members should be independent members meeting the criteria of independence defined in Article 129 Section 3 of said Act ("**Independent Supervisory Board Members**"). Failure to meet the requirement set out in the first sentence (e.g., in the form of failure to appoint Supervisory Board members meeting the independence criteria, the loss of the status of an independent Supervisory Board member during their tenure or the expiry of the tenure of such Supervisory Board member) will not cause the Supervisory Board to lose the status of the Company's corporate body or constitute an obstacle to valid resolutions being passed by it.
2. If the Management Board receives a statement from an Independent Supervisory Board Member that he or she no longer satisfies the independence criteria as set out in Section 1 above, or obtains such knowledge from another source, the Management Board will, within two weeks of the receipt of such statement or obtaining such knowledge, convene an extraordinary General Meeting in order to appoint a new Independent Supervisory Board Member.

§ 18.

1. As long as the Company is a public interest entity within the meaning of the provisions of the Act of 11 May 2017 on Statutory Auditors, Audit Firms and Public Supervision, the Supervisory Board will appoint the audit committee. The audit committee will be made up of at least three members, including at least one member appointed by the Group of the Eligible Shareholders. A majority of the audit committee members should meet the independence criteria referred to in § 17 Section 1 of these Articles of Association. As regards the requirements concerning the composition of the audit committee, the provisions of the Act referred to in § 17 Section 1 of these Articles of Association will apply.
2. The duties of the audit committee include in particular:

- 1) monitoring the financial reporting process, the efficiency of internal control and risk management systems and internal audit, including in respect of financial reporting and performance of financial auditing,
 - 2) controlling and monitoring the independence of the statutory auditor and the audit company,
 - 3) informing the Supervisory Board on the audit results and explaining in what way the audit contributed to the accuracy of financial reporting in the Company, as well as what role the auditing committee played in the auditing process,
 - 4) assessing the independence of the statutory auditor and consenting to the provision by him/her of permitted services other than the Company's audit,
 - 5) devising the policy of selection of an audit company to audit the Company's financial statements,
 - 6) determining the procedure for selection of an audit company by a public interest entity,
 - 7) issuing recommendations aimed at ensuring the integrity of financial reporting in the Company.
3. The Supervisory Board may also appoint other committees, specifically, a nomination and remuneration committee. The detailed duties and rules of the appointment and operation of the committees are stated in the Supervisory Board Rules.

§ 19.

1. Supervisory Board members are entitled to the remuneration specified in a General Meeting Resolution.
2. Supervisory Board members are entitled to the reimbursement of costs related to participation in the work of the Supervisory Board.

§ 20.

1. For the resolutions of the Supervisory Board to be valid, it is required that all the members of the Supervisory Board are invited to the meeting, and at least half of them attend the Supervisory Board meeting at which such resolutions are to be adopted.
2. Resolutions of the Supervisory Board are passed by an absolute majority of votes. In the event of a tied vote, the Chairman of the Supervisory Board has the casting vote.
3. Members of the Supervisory Board may participate in the adoption of resolutions of the Supervisory Board by casting their vote in writing through the intermediation of another member of the Supervisory Board. Votes may not be

cast in writing with respect to any matters that have been placed on the agenda during the Supervisory Board meeting.

4. Resolutions of the Supervisory Board may be adopted in writing or with the use of means of direct long-distance communication.

§ 21.

1. If, due to the expiry of the term of office of certain members of the Supervisory Board (for reasons other than revocation), the number of members of the Supervisory Board of a specific term decreases below the number of members indicated in the relevant provisions of these Articles of Association, including below the minimum number determined by statutes, the remaining members of the Supervisory Board, provided there are at least two of them, may co-opt a new member of the Supervisory Board who will perform his duties until the election of his/her successor by the next General Meeting or by the Group of the Eligible Shareholders. Nonetheless, the General Meeting or the Group of the Eligible Shareholders may approve the co-opted member of the Supervisory Board.
2. A Supervisory Board member will be deemed to be appointed at the time of such person's receipt of the representation on his/her appointment.
3. The Supervisory Board, in the composition supplemented with the co-opted members, will immediately convene a General Meeting in order to approve the co-opted member or elect his/her successor or will request the Group of the Eligible Shareholders to deliver a representation on its approval of the co-opted member or the appointment of his/her successor in accordance with Section 1 above. Absent the approval of the co-opted Supervisory Board member or the election of his/her successor within 30 days of the date of convening the General Meeting or of addressing the request to the Group of the Eligible Shareholders, the term of office of the co-opted Supervisory Board member will continue on general terms. The General Meeting and the Group of the Eligible Shareholders retain the right to revoke the co-opted Supervisory Board member.
